**Subject:** Response to OIG report on methylmercury

Attached is a draft response to the OIG report that includes a recommendation regarding the IRIS assessment. In our earlier discussions, the language proposed was:

## Deliberative Process / Ex. 5

In the current draft, the recommendation that we need to respond to is:

## Deliberative Process / Ex. 5

Sorry to lob this at you all in such a draft-y state, but I think getting more eyes on it now is a better use of our time than me trying to tweak. Tear it up!

-Lou
